Education

The City University of New York (CUNY), Borough of Manhattan Community College -
New York, NY Spring 2018
Associates of Science*: Multimedia Arts*

Projects

Monster Hunter Field Guide API App -
Oct. 2020
- Developed a Monster Hunter field guide app that takes user input and gives images and description on the specified monster.
- Developed with JavaScript to pull requested data from the json file.
- Data is pulled from a self made json file to make this possible.

Giphy API App -
Aug. 2018
- Developed a Giphy app that lets users decide what to show on screen with multiple buttons to choose from.
- Worked with another developer and utilized pair programming to achieve our goal with the app.
- Pulled data from the Giphy API.
- Can successfully use github/git with another developer.

Relevant Experience
